responsible adult

We are not a riding school and therefore do not offer
riding lessons.

Humans Horses Harmony

Part of Lake Vyrnwy
Animals & Crafts

We use **EFL** (Equine Facilitated Learning) with focus on teaching horsemanship in a natural horse herd environment.

Learn about equine behaviour and how horses communicate, through learning about 'feel' and observation of their body language.

Speak 'HORSE' and interact with them safely; in a way that they will be able to understand you.

Get involved in grooming, stable management and how to look after your pony to meet all their needs.

Our horses live in a 24/7 herd environment. This allows them to be authentic, relaxed and able to communicate with us on an equal footing.

This creates a foundation of harmony between our two species and allows us build a special bond.

We will teach you what you need to know, so you can put your point across in a kind, firm and respectful way. Above all we'll have fun!

Please bring a hard hat for children if you would like them to wear one. Please note: A general disclaimer will have to be signed before starting their first session.
